Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the Committee's right to strictly enforce these Covenants and Restrictions against any other Owner. Each such written request must identify and set forth in narrative detail the specific restriction or standard from which a variance is sought and described in complete detail the exact nature of the variance sought. Any grant of a variance by the Committee must be in writing and must identify in narrative detail both the standard from which a variance is being sought and the specific variance being granted. (iv) the other standards set forth within this Declaration (and any amendments hereto) or matters in which the Committee has been vested with the authority to render a final interpretation and decision.

(c) Final plans and specifications shall be submitted in duplicate to the Committee for approval or disapproval. At such time as the plans and specifications meet the approval of the Committee, one complete set of plans and specifications will be retained by the Committee and the other complete set of plans will be marked "approved" and returned to the Owner or his designated representative marked "approved," and accompanied by a statement of complete approval or approval based on certain conditions and specifications. If found not to be in compliance with these Covenants and Restrictions, one set of such plans and specifications shall be returned marked "disapproved," accompanied by a reasonable statement of items found not to comply with these Covenants and Restrictions. Any modifications or change to the approved set of plans and specifications must again be submitted to the Committee for its inspection and approval. If the Committee, or its respective designated representative, fails to approve or disapprove such plans and specifications within thirty (30) days after the date of submission, then approval shall be presumed; provided however, that no such approval shall be presumed if the request is submitted by or on behalf of a Member to the Board as the Committee or if the request is submitted by or on behalf of a Class A Member or Class B Member to the Construction Group as the Committee. Further provided, however, that nothing in this paragraph shall affect in any way the method for seeking or granting variances, as described in the following paragraph, nor shall any failure of the Committee to act on a variance request within any particular period of time constitute the granting or approval of any such variance request.

(d) Upon submission of a written narrative request for same, the Committee may, from time to time, in its sole discretion, permit Owners to construct, erect, or install

by such insurance. Any balance from the proceeds of insurance paid to the Association, as required in this Article VII, remaining after satisfactory completion of repair and replacement, shall be retained by the Association as part of a general reserve fund for repair and replacement of the Common Properties.

7.03 Insufficient Proceeds. If the insurance proceeds are insufficient to repair or replace any loss or damage, the Association may levy a special assessment as provided for in Article V of this Declaration to cover the deficiency.

## ARTICLE VIII

### ARCHITECTURAL CONTROL

Architectural control shall be supervised by an Architectural Control Committee, hereinafter called the "Committee," consisting of either the Construction Group, as hereinafter described, or the Board in the following manner:

(a) The Construction Group shall consider and may act as the committee only with respect to requests for approvals or variances made by or on behalf of Members. Any requests for approvals or variances made by or on behalf of Class A Members may be considered and acted upon by the Board, under which circumstances, the Board will be acting as the Committee.

(i) The Construction Group shall be composed of three (3) or more individuals selected and appointed by Declarant. The Construction Group shall use its best efforts to promote and ensure a high level of quality, harmony and conformity throughout the Property.

A majority of the Construction Group's members may act on behalf of the entire Construction Group. In the event of the death or resignation of any member of the Construction Group, the remaining members shall have full authority to designate and appoint a successor. No member of the Construction Group shall be entitled to any compensation for service performed hereunder and neither the Construction Group nor any of its members shall be liable to any Owner for any claims, causes of action or damages of whatever kind (except where occasioned by gross negligence) arising out of service performed, actions, taken or inaction in connection with any undertaking, responsibility or activity hereunder or request for same.

The Board shall use its best efforts to promote and ensure a high level of quality, harmony and conformity throughout the Property.

A majority of the members of the Board may act on behalf of the entire Board or the Board may appoint an advisory committee to act on behalf of the Board. 6.10 Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate and inferior to the lien of any first mortgage or deed of trust now or hereafter placed upon the Lots subject to assessment; provided, however, that such subordination shall apply only to the assessments which have become due and payable prior to the foreclosure sale, whether public or private, of such property pursuant to the terms and conditions of any such mortgage or deed of trust. Such sale shall not relieve such Lots from liability for the amount of any assessments thereafter becoming due, not from the lien of any such subsequent assessment.

6.11 Exempt Property. The following property otherwise subject to this Declaration shall be exempted from the assessments, charges and liens created herein:

(a) All properties dedicated and accepted by the local public authority and devoted to public use.

(b) All Common Properties and Joint Common Properties as defined in Article I hereof.

(c) Any and all areas which may be reserved by the Declaration on the recorded plat(s) of the Property.

## ARTICLE VII

### INSURANCE, REPAIR AND RESTORATION

7.01 Right to Purchase Insurance. The Association shall have the right and option to purchase, carry and maintain in force insurance covering any or all portions of the Common Properties, any improvements thereon or appurtenant thereto, for the interest of the Association and of all Members thereof, in such amounts and with such endorsements and coverage as shall be considered good sound insurance coverage for properties similar in construction, location and use to the subject property. Such insurance may include, but need not be limited to:

(a) Insurance against loss or damage by fire and hazards covered by a standard extended coverage endorsement in an amount which shall be equal to the maximum insurable replacement value, excluding foundation and excavation costs as determined annually by the insurance carrier.

(b) Public liability and property damage insurance on a broad form basis.

(c) Fidelity bond for all officers and employees of the Association having control over the receipt or disbursement of funds.

(d) Officers and directors liability insurance.

7.02 Insurance Proceeds. The Association and the Members shall use the net insurance proceeds to repair and replace any damage or destruction of property, real or personal, covered

which are twenty-five (25) year composition shingles maximum of 250 pounds per square, (ii) approved by the Architectural Control Committee, and (iii) otherwise be in compliance in all respects with applicable City of Ennis ordinances. The roof pitch of any structure shall be four (4) feet by twelve (12) feet minimum and twelve (12) feet by twelve (12) feet maximum. Single story dwellings shall have a minimum eight (8) by twelve (12) and two story dwellings shall have a minimum of six (6) by eight (8) with porches and patios being a minimum of four (4) by twelve (12).

9.05 Building Lines. All residences or dwellings erected or placed on any Lot shall face the road or street adjacent to the Lot as shown on the recorded plat of the Property or as prescribed in the deed from Declarant conveying the Lot. No portion of such dwelling or residence shall be nearer to the front property line of said Lot than as designated on the recorded plat of the Property. No structure or improvement of any kind shall be nearer to the rear property line of any Lot than as designated on the recorded plat of the Property. No structure or improvement of any kind shall be nearer to the side property line of any Lot than as designated on the recorded plat of the Property. No structure or improvement of any kind shall be constructed or placed upon any Lot outside any perimeter fencing upon such Lot.

9.06 Fences. No chain link fences or other wire type fences shall be erected or located on any Lot so as to be visible from the front, side or rear of the Lot. No fence, wall or hedge shall be erected, placed or altered on any Lot nearer to any street than the minimum building setback line indicated on the recorded plat of the Property. No fence, wall or hedge shall exceed eight (8) feet in height unless otherwise specifically required by the City of Ennis. Wood fencing approved by the Architectural Control Committee will be allowed to extend from the outer perimeter of a home to the side property line a distance not to exceed approximately ten percent (10%) of the Lot width on any side of the home. The Architectural Control Committee may allow some flexibility on this dimension in the case of a pie-shaped or irregularly shaped Lots. This wood fencing will be allowed only if such fence is to be located between the front and rear boundaries of the dwelling and approval will be subject to thorough consideration of the effect such proposed fencing might have on adjoining Lots and/or dwellings. In addition, such wood fencing must be recessed from the front building line of the Lot a minimum distance even with front corner of the dwelling located on the Lot. Any fencing located from the front of the Lot to the back of the Lot (perpendicular to front property line) may be of wood material; provided, however, that all such wood fencing, regardless of location, shall (i) face so that no stringers or posts shall be visible from any residential street, (ii) be composed of cedar or redwood, (iii) have slats measuring between four (4) and eight (8) inches wide which are installed vertically only (not horizontally or diagonally), (iv) have an even flat top and (v) not be painted or stained on any surface which faces a street, alley or adjoining Lot unless otherwise approved by the Architectural Control Committee. All service sanitation facilities must be enclosed within fences, walls or landscaping so as not to be visible from any residential street.

Given the great variety of potential fencing and screening configurations and materials, it is understood that the fencing restrictions contained in this Section 9.06 may not be exhaustive; therefore, no fence, wall or hedge shall be erected, placed or altered on any Lot without the approval of the Architectural Control Committee.

9.07 Signs. No sign or signs shall be displayed to the public view on any Lot, except that: (1) any builder, during the applicable initial construction and sales period, may utilize one professional sign (of not more than nine (9) square feet in size) per Lot for advertising and sales purpose, provided that such sign must be approved by the Architectural Control Committee; (2) thereafter, a dignified "for sale" or "for rent" sign (of not more than nine (9) square feet in size) may be utilized by the Owner of the respective Lot for the applicable sale or rent situation; (3) development-related signs owned or erected by Declarant shall be permitted; and (4) signs displaying the name of a security company shall be permitted, provided that such signs are (i) ground mounted, (ii) limited to two (2) in number (one in the front yard and one in the back yard); (iii) of a reasonable size; and (iv) subject to the prior written approval of the Architectural Control Committee.

9.08 Easements; Utilities. All streets, alleys and easements shown on the recorded plat of the Property have been reserved for the purposes indicated. No Owner may erect any structure of any type whatsoever in these easement areas, nor may an Owner use the surface of an easement area for any private use. With respect to these easement areas, as well as any other areas described within recorded easement documents, and the Common Properties, any and all bona fide public utility service companies (including, but not limited to, telephone, cable television, gas and electric) shall have the right of access, ingress, egress, regress and use of the surface estate for the installation and maintenance of utility facilities.

Except as to special street lighting or other aerial facilities which may be required by the City of Ennis or may be required by the franchise of any utility company, no aerial utility facilities of any type (except meters, risers, service pedestals and other surface installations necessary to maintain or operate appropriate underground facilities) shall be erected or installed within the Property, whether upon Lots, easements, streets or rights-of-way of any type, either by the utility company or any other person or entity (including, but not limited to any person owning or acquiring any part of the Property) and all utility service facilities (including but not limited to water, sewer, gas, electricity and telephone) shall be buried underground, under recreational easements, Common Properties, streets or utility easement areas for the purpose of serving any structure located on any of the Property.

9.09 Temporary Structures. No temporary structure of any kind shall be erected or placed upon any Lot. Temporary structures shall include, but not be limited to, any garage, servant's house or other improvement erected more than one hundred twenty (120) days prior to the completion of the main portion of the single-family dwelling. However, any Member may maintain temporary sales or construction offices, provided such sales or construction offices are removed within sixty (60) days after completion of sales construction, as the case may be.

9.10 Vehicles. Any truck, bus, boat, boat trailer, trailer, mobile home, motor home, campmobile, camper, motorcycle or any motorized vehicle other than a conventional automobile shall be stored, placed or parked within the garage of the appropriate Owner so as to be completely hidden from view.

Trucks with tonnage in excess of three-quarters (3/4) ton shall not be permitted to park overnight on the streets, driveways or otherwise within the Property. No vehicle of any size

which transports inflammatory or explosive cargo may be parked or stored within the Property at any time.

9.11 Garbage; Weeds. No Lot shall be used or maintained as a dumping ground for rubbish, trash or garbage. All garbage shall be kept in city approved containers. All garbage containers shall on the day of collection be placed in compliance with applicable requirements of the City of Ennis. If, at any time after construction of a residence has commenced, an Owner shall fail to control weeds, grass and/or other unsightly growth on his Lot or on the Common Area fronting his Lot, the City, Declarant or the Board shall have the authority and right to assess and collect from the Owner of such Lot a sum not to exceed five hundred dollars (\$500.00) for controlling such unsightly growth on each respective occasion of such maintenance. The Assessments, together with interest (at the highest permitted lawful rate per annum) thereon and any costs of collection thereof, shall be a charge on the Lot and shall be a continuing lien upon the Lot against which such assessment is made. Each such assessment, together with interest thereon and costs of collection thereof, shall also be the continuing personal obligation of the Owner of such Lot at the time when the assessment occurred. The lien securing any such assessment shall be subordinate and inferior to the lien of any mortgage and any renewals or extensions thereof existing prior to the assessment date.

9.12 Construction Completion Times. In the event that a residence is partially or totally damaged by fire or other causes, construction or re-construction of the damaged residence, or portion thereof, must commence within one hundred twenty (120) days after the occurrence causing the damage. No construction or reconstruction shall commence until plans and specifications have been submitted to the Architectural Control Committee (and are subsequently approved) as required in Article VIII(b) hereof.

9.13 Offensive Activities. No noxious or offensive activity shall be conducted on any Lot nor shall anything be done thereon which is or may become an annoyance or nuisance within the Property or any portion thereof. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that a reasonable number of dogs, cats or other household pets may be kept; provided that they are not kept, bred or maintained for commercial purposes and further provided that all Owners shall comply with the applicable ordinances of the City of Ennis. No range animals shall be permitted to be raised, bred or kept on any Lot. The Board shall have the authority, but not the obligation, to restrict or prohibit the keeping of breeds of dogs with a known history of dangerous or vicious behavior.

9.14 Exterior Surfaces. The exterior surface of all residential dwellings shall be constructed containing eighty percent (80%) brick, brick veneer, stone or stone veneer, stucco or stucco veneer, masonry or any combination thereof, to be approved by the Architectural Control Committee. All exterior surfaces, especially any painted or stained wood surfaces (including without limitation, garage doors) must be maintained in good condition. Installation of all types of exterior items and surfaces such as address numbers or external ornamentation, lights, mail chutes, exterior paint or stain, shall be subject to the prior written approval of the Architectural Control Committee. The installation of solar panels on any roof or other portion of a residence which is visible from any street, alley or adjoining Lot is expressly prohibited. All windows which are visible from any residential street shall be covered with draperies or blinds within one

hundred twenty (120) days after the date on which the main structure is ninety-five percent (95%) complete. All tin foil and newspaper window coverings are expressly prohibited.

9.15 Antennas and Aerials. All satellite dishes larger than three and one-half feet (3.5') in diameter, television antennas and other antennas and aerials shall be located inside the attic or under the roof in such a manner as not to be visible from any street, alley and adjoining lot. No towers shall be permitted.

9.16 Landscaping. Each residence shall be fully landscaped with sprinkler system within one hundred twenty (120) days after the date on which the main structure is ninety-five percent (95%) complete.

9.17 Retaining Walls. Retaining walls shall be constructed of concrete and shall be faced with brick or stone of the same type as that used on the dwelling.

9.18 Tennis Courts. Tennis courts and basketball courts shall not be permitted upon any Lot. Basketball goals, backboards and nets shall only be permitted if they are not visible from any street.

9.19 Gazebos, Greenhouses, Storage Sheds and Clotheslines. No gazebo, greenhouse, storage shed, clothesline or other similar structure shall exceed twenty-five percent (25%) of the main residence nor be erected, constructed or placed upon any Lot without prior written approval by the Architectural Control Committee.

9.20 Mail Boxes. All mail boxes, unless affixed to the dwelling house, shall be affixed to a structure of the same building composition as the dwelling and permanently placed in the ground, and such mail boxes shall be of a design approved in writing by the Architectural Control Committee and shall comply with all applicable laws and ordinances.

9.21 Pool Equipment. No pool may be erected, constructed or installed without the prior consent of the Architectural Control Committee. Above ground pools are expressly prohibited. All pool service equipment shall be fenced and located in either (a) a side yard between the front and rear boundaries of the dwelling; and shall not be visible from any residential street or alley.

9.22 Utility Meters and Air Conditioning Compressors. 11.01 Duration. The Covenants and Restrictions of this Declaration shall run with and bind the land subject to this Declaration, and shall inure to the benefit of and be enforceable by the Association and/or Owners subject to this Declaration, their respective legal representatives, heirs, successors and assigns for a term ending January 1, 2045, after which time said covenants shall be automatically extended for two (2) successive periods of ten (10) years each unless an instrument signed by the Owners of not less than seventy-five percent (75%) of the Lots has been recorded agreeing to abolish the Covenants and the Restrictions in whole or in part; provided, however that no such agreements to abolish shall be of effect unless made and recorded thirty (30) days in advance of the effective date of such change; and unless written notice of the proposed agreement to abolish is sent to at least one (1) Owner of every Lot at least ninety (90) days in advance of any action taken.

11.02 Amendments. Except as provided in Section 11.01 of this Article XI, the Covenants and Restrictions of this Declaration may be amended and/or changed in whole or in part, only with the consent of Declarant so long as Declarant owns any Lots in any phase of the subdivision and either the Owner of seventy-five percent (75%) of the other Lots, evidenced by a document in writing bearing each of their signatures, or by a resolution passed by the majority of the Board of Directors evidencing the consent of the Owners of seventy-five percent (75%) of the other Lots and authorizing the President of the Association to execute such document and duly record in the land records of Ellis County, Texas.

11.03 Enforcement. Enforcement of these Covenants and Restrictions shall be by a proceeding initiated by any Owner, any member of the Construction Group or the Board or by the City of Ennis against any person or persons violating or attempting to violate any Covenant or Restriction contained herein, either to restrain or enjoin violation or to recover damages for

violation, or both, or to enforce any lien created by this instrument. The Construction Group and each of its appointed members shall have an election and right, but not an obligation or duty, to enforce these Covenants and Restrictions by a proceeding or proceedings at law or in equity. Notwithstanding any provision to the contrary in this Declaration. Declarant shall not have any duty, obligation or responsibility to enforce any of these Covenants and Restrictions. Failure by any party to enforce any Covenant or Restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. With respect to any litigation hereunder, the prevailing party shall be entitled to recover reasonable attorney's fees from the nonprevailing party. Further and with respect to any litigation brought against the Construction Group, the Board or any of their members or representatives arising out of any action, failure to act, or performance or non-performance of duties imposed hereby, by the Construction Group, the Board or their members or representatives, the Construction Group, the Board and/or their members or representatives so sued shall be entitled to recover their reasonable attorneys' fees from the person or entity bringing such action against it or them, unless the Construction Group, the Board or their members or representatives shall specifically be adjudicated liable to such claimant.

There shall be no limit to the number of the aggregate amount of Violation Fines which may be levied against a person for the same violation. The Violation Fines, together with interest at the highest lawful rate per annum and any costs of collection, including attorneys' fees, shall be a continuing lien upon the Lot against which such Violation Fine is made and shall be enforceable as a lien under Section 6.08. The Board, upon the approval of two-thirds (2/3) of each voting class, shall have the authority to increase the limit of the Violation Fines.

11.05 Severability. If any one of these Covenants or Restrictions is held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining Covenants and Restrictions shall not be affected thereby.

11.06 Headings. The headings contained in this Declaration are for reference purposes only and shall not in any way affect the meaning or interpretation of this Declaration.
